EXAMINER'S AMENDMENT

1. This application is in condition for allowance except for the presence of claims 1-32, 45-60 directed to inventions non-elected without traverse. Accordingly, claims 33-44 been cancelled.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

Claims 33-44 are allowable over the prior art of record. The primary reason for allowance is Applicant's arguments filed on June 26, 2006 on page 16. Applicant argues - "When a contact is received it is assigned to a service tier as a method of establishing a priority for that contact; each contact is in its own tier. As circumstances change the service tier for that contact can be changed up or down; escalated or de-escalated from one service tier to another. Thus, for a given contact, it will be placed into the queue according to its service tier. "

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
